Your suggestion that you could probably be much more helpful to us in our periodic inspection of NPIC activities if you had an opportunity first to talk to Mr. Lundahl is a very fine one. As you know, the whole purpose of Inspector General activities is to isolate and make recommendations to the appropriate commander those problem areas in which the facility being inspected needs the help of the commander or other steps for remedial action. This detached, totally objective look at NPIC activities on behalf of the Director has not been done for three years.

I understand you will be in Washington on the 15th and 16th of April and I am asking Mr. Lundahl to establish direct contact with you now to see if he can make an appointment to bring you up to date on NPIC activities.

With my thanks again for your continuous assistance.

Faithfully yours,

/s/
